In 2014, Executive Group came to the City of Amsterdam to grow its millwork portion of the business and expand its warehousing space. Now, with more than 80 employees and after making Montgomery County its home, Executive Group has been growing, thriving and serving the hospitality industry daily from its headquarters in Amsterdam, NY.

Executive Group was founded in 2007, as a two-man operation installing millwork in the New York City area. In 2010, expansions were needed as work was increasing and more warehouse space was needed.

In 2014, in search for additional buildings to expand operations in increasing millwork and warehousing space, Executive Group landed in Amsterdam, NY. After renting space, the company's acquisition of an old manufacturing building at 50 Park Street (330,000 square feet) firmly cemented their flag in the Capital District, allowing Executive Group to serve clients throughout the northeast.

Since that time, they have expanded again, purchasing a building on Shuler Street, in close proximity to their other building. This building provides an additional 200,000 square feet, which has become a fully automated state-of-the-art millwork facility in full use at the beginning of 2019.

In 2018, the Montgomery County Industrial Development Agency (MICDA) provided Executive Group with a loan through the Revolving Loan Fund for \$500,000, for purposes of purchasing and renovating real estate and assisting with the cost of machinery, equipment, supplies and inventory for the expansion. Being in Amsterdam allowed the company room to grow and provided them with a location that was still relatively close to where most of their business takes place, the metropolitan area of New York City.

“We recently had an opportunity to relocate the millwork shop to Amsterdam and that worked out very well,” Principal Lance Orcutt said. “It was four times the amount of space that we operated in downstate, so we were able to grow that side of the company. Once we made the decision to purchase a building, we decided Amsterdam was the right home for us.”

Executive Group has worked with hotel brands such as Marriott, Hilton, Four Seasons, Trump, Renaissance, Ritz and the Waldorf Astoria. They serve hotels, purchasing agents, developers, owners’ representatives and various retail brands.

Executive Group’s mission is to hire the best people, provide clients with the best products and provide superior customer service. That promise is demonstrated by their dedication to complete any and all jobs on time and on budget. Honesty, integrity, teamwork and hard work have been the cornerstones of their success and will continue to drive their growth into the future.

The difference in working with Executive Group is its dedication to excellence. The millwork shop, warehousing team, delivery team and onsite moving and installation team all possess an unmatched work ethic, which makes working with Executive Group second to none.
